Something Happened!

Something Extraordinary

Happened! Every activity was

so mindfully selected to pave the

way for the next experience. . .it

also felt wonderful to hear other

people bravely tap into their

inner power and stand for their

health and wholeness. So many

people have given me feedback

that their lives shifted in a

profound way from the

outpouring of the Holy Spirit that

took place. -Rev. B. L. Jones

“(The Healing Workshop) introduced me to a new way of thinking about religion. I was given a contemporary teaching on God and His works, which provided a 21st century insight on so many of the truths and teaching which were outdated and well past their intended time when first introduced centuries ago.” - J. B. HW8
